Requests that require additional administrative processing will be subject to \$50 administration fee per subject:

- withdrawal before school commences.
- any subject change after school has begun
- change of location after school has begun
- No refunds will be processed after school has begun.

I acknowledge that I am only entitled to two (2) homework requests per student per school year. After this, charges apply. I also agree to receive e-mails from Reidmount Schools containing information regarding Reidmount Discovery Schools. I give Reidmount Discovery Schools permission to photograph or videotape my child/children for promotional purposes.

NEW FOR FALL 2017 CODING for KIDS & TEENS

The Coding Program class provides a rich and engaging environment that inspires children and teens to innovate, think critically, and create with technologies on the fringe of our hi-tech culture.

Children will experience how coding can help develop logical thinking, creative exploration, and critical reasoning – used in almost every field across STEM (Science, Technology, Engineering, and Math).

Note: A laptop with WiFi is required for this class. Otherwise a rental can be arranged.
